5th June 2020

Dear Parents, Carers, families and children,

This week we have welcomed back our key worker, year 6 and year 1 children, and we would like to take the opportunity to say THANK YOU to you all for helping to make the first week of wider school opening as successful as it has been.

All staff in school had been working very hard to ensure we were as safe, organised and ready for your return as possible.

We are really impressed with the way you have been prompt in your arrival and collection of bubble times and how you have respected and adhered to social distancing.

Children have settled well and have been positive and happy in adjusting to the new ways of working.

Our chair of governors visited this morning and took the opportunity to speak to families and staff. He was pleased to see for himself the implementation of the new guidance and was impressed by the good spirits of staff and families.

Next week we welcome back those who have requested a place in reception and nursery. You will have already received your invitation.

Can we also take the opportunity to share a few reminders.....

- You will receive an invitation from school following your request for a place as a key worker or children in Y6, Y1, reception or nursery. New places will always be offered to begin on a Monday.
- Children must bring a bottle of water each day then take it home for washing and refilling.
- All the windows in school are open and the weather has sadly changed. Children will benefit from a jumper or cardigan to keep warm.
- School closes to children on a Friday afternoon - except to key worker children.
- Phone calls home will continue to children not in school but may be less frequent.

We hope everyone has had a good week in school or at home and look forward to seeing you next week in school or on seesaw.

Take care and keep safe.

Mrs R Taylor
